Dear Mrs. Ahrenkilde,

For over ten years, the Kiwa GmbH (notified body no. 0770) certifies cements from the Sinai White Portland Cement Company, which is a member of the Aalborgportland Cementir Holding. Currently, there are three valid certificates according to EN 197-1 for the following cements:

- AALBORG WHITE made in Egypt CEM I 52.5 R certificate no. 2092-03-18
- AALBORG WHITE made in Egypt CEM I 52.5 N certificate no. 2092-01-18
- AALBORG WHITE made in Egypt CEM II B/LL 42.5 N certificate no. 2092-02-18

We approve you, that the products sold from your subsidiary/warehouse in Laudun l'Ardoise (France) are covered by Sinai White Portland Cement's CE-certification from Kiwa. As long as the certificates are valid, the cements can be put from your subsidiary/warehouse in Laudun l'Ardoise on the European market and traded freely as harmonized construction products. The status of the certification can be seen on our homepage www.kiwa.de/zertifikatssuche.aspx

Kind regards

i.V. Dr.-Ing. Stephanie Schuler
Certification
